WHAT’S INSIDE...
SONICLEAR™ BEARING EDGE

The SONIClear™ Bearing Edge is standard on all Armory shells and allows the drumhead to sit flatter and make better contact with the shell. The result is a stronger and deeper fundamental pitch, effortless and consistent tuning, and a significantly expanded tuning range. For the serious player, the increased head to edge contact increases shell vibration, allowing the sonic nuances of the Hybrid shell to stand out.

SONICLEAR™ EDGE AUDIO TEST SESSIONS

SOUND
The increased drumhead to shell contact achieved by the SONIClear™ Edge enhances shell vibration, resulting in the “biggest” sound possible from the drum.

Oscilloscope Example: The green waveform is a recording of a drum with the SONIClear™ edge. The dark grey waveform is a drum with a typical edge. Tuned to the same pitch and recorded identically, it’s clear that the drum with the SONIClear™ Edge produces a much larger waveform from the initial strike through the full sustain of the note.

SUSTAIN
Because the drumhead sits flat on the SONIClear™ Edge, the tension applied during tuning is more balanced and stress-free. This allows the drumhead to vibrate freely and fully.

Waveform Comparison Example: The green waveform is a recording of a drum with the SONIClear™ edge. The dark grey waveform is a drum with a typical edge. The size of the SONIClear™ waveform indicates a lower and stronger fundamental pitch while the length indicates a longer sustain compared to a typical edge.

SONICLEAR™ EDGE

Allows the head to sit flush promoting ease of tuning, increased shell resonance & optimal tonal clarity.

TYPICAL EDGE

Causes the head to sit high resulting in tuning difficulty, poor shell resonance & lack of tonal clarity.

SONICLEAR™ BEARING EDGE

Allows the head to sit flush promoting ease of tuning, increased shell resonance & optimal tonal clarity.

TYPICAL EDGE

Causes the head to sit high resulting in tuning difficulty, poor shell resonance & lack of tonal clarity.

SONICLEAR™ BEARING EDGE

TYPICAL EDGE

Causes the head to sit high resulting in tuning difficulty, poor shell resonance & lack of tonal clarity.
PREMIUM FEATURES

Armory Series drums include a number of premium features borrowed from the Mapex Saturn V line that will provide pro-level performance to players looking for an a gig-worthy yet affordable kit.

The SONIClear™ Floor Tom Feet provide stable support while increasing overall punch and body, preserving vibration in the drumheads and shell and preventing energy transfer to the floor.

The beautiful Olive Wood Veneers with sophisticated lacquered finishes make the kits stand out on every stage.

The Insulated Bass Drum Claws include rubber gaskets that protect the hoop from damage and prevent rattling or buzzing during periods of extended play.

Virgin Bass Drums are standard with all configurations in this series, giving the kick sound increased body and low-end. SONIClear™ Tom Holders are included for all rack toms, lending ultimate set-up flexibility to the player.

The SONIClear™ Suspension System on the rack toms increases overall resonance by preserving vibration in the drumheads and shell and preventing energy transfer to the hardware.

The 6ply 7.2mm Birch/Maple/Birch Hybrid Shells deliver the ultimate in tone, resonance, and punch. They allow the drums to speak quickly and project clearly in the manner of old-world drum craftsmanship.

The Armory Series offers a variety of configurations designed to fit diverse musical applications. Whether the preference is fast and focused or big and booming, every drummer can find a setup to suit their style.

**CONFIGURATIONS**

**What's Your Setup?**

The Armory Series “Fusion” Shell Pack is a mix of smaller sizes and are equally suited for the performing drummer needing a highly portable, great sounding kit, or the Jazz drummer needing some versatility.

**504S Fusion Shell Pack**

The Armory Series “Fusion” Shell Pack is a mix of smaller sizes and are equally suited for the performing drummer needing a highly portable, great sounding kit, or the Jazz drummer needing some versatility.

**529S Rock Shell Pack**

The Armory Series “Rock” Shell Pack features sizes that can span a wide range of playing styles, offering a blend of power and versatility well-suited for the drummer needing a all around, great sounding kit.

**628SFU Studioease Fast Shell Pack**

The Armory Series “Studioease” Shell Pack includes short depth rack and floor toms that can span a wide range of playing styles. The shorter depths quicken the stick response and are easier to tune higher without sacrificing body or power. They’re well-suited for the drummer needing a great kit for all music genres.

**628S Studioease Shell Pack**

The Armory Series “Studioease” Shell Pack features sizes that can span a wide range of playing styles. This shell pack offers a blend of power and tone well-suited for the drummer needing a full spectrum of sound for all musical challenges.

Built To Hold Up The Fort

Armory is a complete line of Gig-Quality hardware featuring heavy-duty tubes, double-braced legs, memory locks, and the adjustability needed by the serious player. To suit each drummer’s unique style and kit finish, Armory Hardware comes in chrome and black-plated (See next page).

MEET THE FAMILY

HI-HAT H800
The Tru-Direct-Pull Drive System and 10-Position Tension Adjustment ensure a resistance-free feel at every tension setting. Double-Braced Swivel Tripod Legs allow close positioning of a double pedal. Detachable Solid Steel Base increases stability. The Falcon Series Quick Release Cymbal Lock secures top cymbal during play and speeds up setup and breakdown.

BOOM STAND B800
A Knurled Hideaway Boom Arm provides compact stand storage. Concave Double-Braced Leg Shape allows for better stand positioning and compact storage. Multi-Step Boom and Super-Glide Stepless Cymbal Tilter allow for quick and unlimited cymbal positioning. The Falcon Series Quick Release Cymbal Lock secures top cymbal during play and speeds up setup and breakdown.

SNARE STAND S800
An Offset Multi-Step Adjuster and Universal Ball-in-Socket Snare Basket Tilter enable limitless snare drum positions. The Die-Cast Snare Basket Adjuster and a Clamp-Style Memory Lock ensure the drum remains securely in position. Double-Braced Legs and Die-Cast Memory Locks provide stability during aggressive play.

PEDAL P810
A Double Chain Drive ensures long-lasting durability and a smooth feel. A Self-Adjusting Hoop Clamp with Side-Mounted Adjuster accommodates all bass drum angles while keeping the pedal flat. The Falcon Series Beater comes with both 10g and 20g weights to customize feel. The Extended Length Footboard increases torque, speed, and gives the player room to find their ideal foot placement.

Chrome Finish
Chrome is the tried and true standard, a classic hardware finish that pairs well with any kit and can suit any player’s personal style, whether modern or vintage.

Armoiry Hardware also comes in black-plated. Choose the color which fits your style the most.

MEET THE FAMILY

HI-HAT H800EB
The Tru-Direct-Pull Drive System and 10-Position Tension Adjustment ensure a resistance-free feel at every tension setting.

- Double-Braced Swivel Tripod Legs allow close positioning of a double pedal.
- Detachable Solid Steel Base increases stability.
- The Falcon Series Quick Release Cymbal Lock secures top cymbal during play and speeds up setup and breakdown.

BOOM STAND B800EB
A Knurled Hideaway Boom Arm provides compact stand storage.

- Concave Double-Braced Leg Shape allows for better stand positioning and compact storage.
- Multi-Step Boom and Super-Glide Stepless Cymbal Tilter allow for quick and unlimited cymbal positioning.
- The Falcon Series Quick Release Cymbal Lock secures top cymbal during play and speeds up setup and breakdown.

SNARE STAND S800EB
An Offset Multi-Step Adjuster and Universal Ball-in-Socket Snare Basket Tilter enable limitless snare drum positions.

- The Die-Cast Snare Basket Adjuster and a Clamp-Style Memory Lock ensure the drum remains securely in position.
- Double-Braced Legs and Die-Cast Memory Locks provide stability during aggressive play.

PEDAL P810
A Double Chain Drive ensures long-lasting durability and a smooth feel.

- A Self-Adjusting Hoop Clamp with Side-Mounted Adjuster accommodates all bass drum angles while keeping the pedal flat.
- The Falcon Series Beater comes with both 10g and 20g weights to customize feel.
- The Extended Length Footboard increases torque, speed, and gives the player room to find their ideal foot placement.

Black-Plated Finish
The black-plated finish option in the Armory hardware line-up gives players an option that is typically only available at a premium price.
