

MAPEX

Drum and Hardware 2010 Catalog

Product specifications described herein are subject to change without notice.
Due to limitations in photographic and lithographic processes, illustrated colors may vary slightly from actual colors offered.
Since wood grain patterns appear randomly in raw materials, wood grain on product pictured will differ from actual product.
Cymbals are not included, except where indicated. Some items may only be available via special order, see dealer for details.
Black Panther®, ITS™, OS Cymbal Accentuators™ and Tri-Nodal are trademarks of Mapex, Incorporated.
Remo® is a registered trademark of Remo®. Mapex® is a registered trademark of Mapex®.

Mapex thanks the cymbals companies MEINL, PAISTE, SABIAN and ZILDJIAN for their support in the products photography.

PERFORMANCE IS EVERYTHING

Tonight, you'll sit down to perform and like every night, you'll give it your all. You've figured out that giving your best performance reaps valuable rewards. If you give it your best tonight, you'll learn something new about yourself, about your playing, about your music. That information will be filed away in your head and will no doubt, contribute to the success tomorrow night's performance.

Because to you, performance is everything.

As your playing progresses, these tidbits of information are collected and over time, are woven to create the fabric of your ability. Sometimes they're small and hardly noticeable. Other times they're epiphanic, redirecting the very course of your drum-playing life. They are just as likely to come to you during the biggest gig you've ever played as they are when you're messing around by yourself on the kit you keep in the garage.

Because to you, performance is everything.

With this level of understanding, Mapex is constantly learning and growing along with drummers, taking the information they feed us and shaping it into the most exciting and progressive drum products in the world.

Don't just take it from us. Ask your friends who play Mapex. Ask your nearest independent Mapex Retailer. In addition to being one of the industry's fastest growing drum makers, Mapex has recently won five major industry awards for its performance in customer service, its performance in manufacturing and performance in product innovation.

Because to Mapex, performance is everything.

ELIAS ANDRA
DEAD BY SUNRISE, JULIEN K

On the cover :
MOE CARLSON
PROTEST THE HERO

Today's best drummers prefer MAPEX

Dom Famularo
Drumming's Global
Ambassador

"Where ever in the world I might be, Mapex drums provide me the voice to be heard. Manufacturing integrity and excellence are the Mapex standard ingredients".

"I can't afford to settle for second best. When I'm on the road or in the studio I'm under pressure to get things right. Mapex drums are the tools that allow me to be the best I can be".

Chris Adler
Lamb of God

"The people, product and the service at Mapex are first class. The variety of sounds available from the Black Panther snares along with the availability drum sizes and finishes allow every drummer the opportunity to be unique and individual. Mapex has it like no other drum company."

"Precision, consistency, style and quality are a part of every Mapex drum and the Mapex sound. A sound that dreams are made of".

Steve White
Paul Weller, The Players

Mylious Johnson
Jovanotti, Tiziano Ferro,
Kid Guch

"Mapex is not just a company, it's a family. Mapex cares about its artist as people and they are organized to handle all of the needs worldwide. Combine all of this with the fact the drums are smoking!"

Chris Pennie
Coheed and Cambria

"Knowing I have amazing equipment to play every night makes it easy for me to focus on the music."

Will Calhoun
Living Colour

Aquilus Priester
Hangar

"When it comes to getting a great drum sound, Mapex is my reference. I does not matter what series of Mapex drums I use I know exactly the sound each one delivers. As a drummer I want to leave my signature every time I play and the pen I always use is made by Mapex".

Brady Blade
Emmylou Harris, Dave Matthews

"Mapex Drums have been part of my career since the beginning. They've helped me create my sound which is what every drummer must have. Because the R&D team listen to the artists about how a drum should sound and function Mapex makes the best drums in the world".

Gregg Bissonette
International Recording &
touring artist

Liberty Devitto
Independent

"The 'MAPEX' logo stands for sound and strength in drums, and a family of dedicated people that stand behind every 'MAPEX' drum set with PRIDE and PASSION."

"I always have the utmost confidence in my sound when I go into a session or on a gig. What is even more amazing to me is that drums keep getting better and better. To me MAPEX is just the best!"

"Mapex drums are the finest drums for me on the great planet Earth!"

Walfredo Reyes JR
Lindsey Buckingham, Santana

"In the recording studio or in live performances Mapex makes my life easier! The Mapex drums along with the Mapex hardware, pedals, thrones and Black Panther snares give me the best combination for making the best music. Once the music begins and you start playing Mapex the hardest thing is to stop!"

Waldo Madera
Ricky Martin, Juanes

"It's SO important to have an instrument that will respond to all your needs in any musical situation. No wonder, I haven't been able to keep my hands off my MAPEX drums for the past 16 years."

Nick D'Virgilio
Tears for Fears

STEVE WHITE
PAUL WELLER, THE PLAYERS

2010 Orion is available in a limited edition Exotic MAPA Burl veneer in a Gloss Nature finish. This Orion collector's edition is only available in 6-piece component packs including a 22"x18" bass drum, 10"x8" and 12"x9" toms, 14"x14" and 16"x16" floor toms and a matching 14"x5.5" snare drum.

Orion

The Mapex flagship, Orion Series sets the standard for high-end maple drums. Thin North American shells produce outstanding resonance and full body tone. Meticulous hand-rubbed lacquer finishes ensures that the Orion Series looks as spectacular as it sounds. In order to satisfy the discerning needs of the musician, Orion can be ordered either by configuration or by component, allowing the buyer to choose exactly the kit that best suit his or her style.

The Mapex I.T.S. System allows the shell to vibrate freely, allowing for maximum projection and resonance.

Orion floor toms feature the patented I.T.S. Isolated Tom Mount System for additional resonance.

The Orion's non-penetrating I.T.S. telescopic bass drum spurs allow the shell to vibrate freely in order to a thunderous low end.

Mapex's low mass lugs are secured to the shell via only one point of penetration. Fewer holes in the drum shell means less vibratory interruption, resulting in truer tone and enhanced resonance.

All maple, lacquer-finished bass drum hoops are secured by low-profile, cushioned, die-cast claw hooks.

All Orion drums are equipped with Remo® drum heads.

- 7-ply, 7.5mm bass drums, 6.1mm toms, North American maple toms with exotic burl maple exterior ply
- Eight coat, hand applied deep gloss lacquer finish
- Exclusive Isolated Tom Mounting System™ on all toms
- Exclusive Isolated Tom Mounting System™ on bass drums
- Spring-loaded floor tom legs
- Low mass, single-point-of-contact lugs
- Low profile, cushioned, die cast bass drum claw hooks
- 2.3mm Steel Mapex Powerhoops
- Remo® drum heads

MIKE PETERS
CANCER BATS

The 6-piece Meridian Maple Studioease configuration (MP6285) shown in Candy Apple Burst, an all new finish for 2010.

Meridian Maple

The Mapex Meridian Maple ushers in a level of quality and functionality only found in higher priced professional all maple drum sets. With smaller footprint lug and lightweight Isolated Tom Mounting System, the Meridian Series features bright and resonant all maple shells in a wide selection of lacquered and covered finishes. Each Meridian drum set is also equipped with feature-packed Mapex 700 Series hardware.

All Meridian toms feature the I.T.S. Isolated Tom Mount System while employing the unique Mapex off-the-shell design and single-point-of-contact lugs. Because of the new design the shell stress has been redistributed for even better resonance and sustain.

Newly designed lug with smaller footprint for lower overall mass

Meridian series bass drum tom holders include a socket for an additional boom arm (B74), giving the drummer an additional cymbal or accessory placement.

Low-profile, recessed bass drum claws with cushioning gasket

Spring-cushioned floor tom legs

All Meridian drums are equipped with Remo® UT Pinstripe drum heads on the toms only.

- 7-ply all maple, 5.8mm toms and snares, 7.2mm bass drum
- Newly Engineered Isolated Tom Mount System (ITS)
- Redesigned lug with smaller footprint for lower overall mass
- 2.3mm Mapex Powerhoops
- Spring-cushioned floor tom legs
- Eight coat, hand-sanded, high gloss lacquer finish
- Redesigned Bass drum tom mount with and built-in adapter for optional boom arm
- Low-profile, recessed bass drum claws with cushioning gasket
- Remo® UT Pinstripe heads on toms only

WALDO MADERA
RICKY MARTIN, JUANES

Meridian Birch

Like its Maple counterpart, the Meridian Birch employs the same lightweight and ergonomic Isolated Tom Mounting System for maximum resonance and sustain. The Meridian's birch shells offer plenty of attack and remarkable tone.

To make sure you're ready to play as soon as possible, Meridian Birch drums sets come with feature-rich Mapex 700 Series hardware.

The 6-piece Meridian Birch Studioease configuration (MR6285) shown in the new Transparent Walnut Fade lacquer finish.

All Meridian toms feature the I.T.S. Isolated Tom Mount System while employing the unique Mapex off-the-shell design and single-point-of-contact lugs. Because of this new design the shell stress has been redistributed for even better resonance and sustain.

Newly designed lug with smaller footprint for lower overall mass.

Meridian series bass drum tom holders include a socket for an additional boom arm (B74), giving the drummer an additional cymbal or accessory placement.

Low-profile, recessed bass drum claws with cushioning gasket

All Meridian drums are equipped with Remo® UT drum heads and self muffling bass drum heads.

Meridian drum sets come with an instruction DVD that will help you start enjoying your drums the day you get them home.

- 6-ply all birch, 7.2mm toms and snares, 7.2mm bass drum
- Newly engineered Isolated Tom Mount System (ITS)
- Redesigned lug with smaller footprint for lower overall mass
- Eight coat, hand-sanded, high gloss lacquer finish
- Redesigned Bass drum tom mount with and built-in adapter for optional boom arm
- Low-profile, recessed bass drum claws with cushioning gasket
- All birch snare drum
- Remo® UT drum heads with self muffling bass drum head

Horizon HZB

Birch/Basswood hybrid shells

The new Mapex Horizon HZB establishes a new industry standard. In fact the features on the Horizon HZB are comparable to those typically found on sets costing much more. The Horizon HZB birch basswood hybrid shell provides all of the tone and punch needed to play all music styles. The standard Horizon features included the newly re-designed Mapex Isolated Tom Holder System (ITS) and the new Mapex 500 series hardware. Combine the stylish new look and the superior sonic performance of the Horizon HZB and you will have the ideal drum set to start your musical journey.

The new 5-piece Horizon HZB Fusionease configuration (HZ5245T) in the Transparent Midnight Black lacquer finish featured with additional B53 boom cymbal arm.

The 5-piece new Horizon HZB Standard configuration (HZB5255T) in the Transparent Cherry Red lacquer finish with optional 14", 16" and 20" Mapex cymbals.

- 7.2mm Birch Basswood mixed shell with lacquered finishes
- New double tom holder with auxiliary cymbal placement position
- Re-engineered Isolated Tom Mount System (ITS)
- New tom bracket for quick set up and tear down
- New Low-profile cushioned bass drum claws
- New 500 series hardware
- New Memory Locks For Extra Security on 500 series hardware
- New Multi-Sustain Cymbal Felts on 500 series hardware
- New retractable Boom arm
- REMO® drum heads and self muffling bass drum head
- Optional Mapex cymbals

Built-in adapter for optional boom arm

Newly designed ITS system with clamp-style tom holder

Clamp-style memory lock

Hideaway boom arm

Multi-sustain cymbal felts

Horizon drum sets come with an instruction DVD that will help you start enjoying your drums the day you get them home.

Horizon HX

Basswood shells

The Horizon HX rewrites the book on what features an entry level drum set should have. The all basswood shell produces rich tones with remarkable sustain. The tone is further enhanced by the re-designed Mapex Isolated Tom Holder System (ITS). This new compact and lightweight system keeps the mounting hardware off of the shell allowing it to vibrate more freely. The re-styled tom holder now includes a convenient spot for an auxiliary cymbal placement. The Horizon HX is available in several covered finishes. The hardware is newly designed Mapex 500 Series hardware. Mapex has clearly proven that great value is no longer on the Horizon... it is the Horizon.

The new Horizon series Jazz configuration (HX5045T) in the Blue Sparkle covered finish featured with optional Mapex cymbals and B53 boom cymbal arm.

The new Horizon series Pop-Rock (SRO - HX5295T) in the Crystal Sparkle covered finish featured with optional Mapex cymbals 14" 16" 20".

- 7.2mm Basswood shell with new durable high-gloss wrapped new finishes
- New double tom holder with auxiliary cymbal placement position
- Re-engineered Isolated Tom Mount System (ITS)
- New tom bracket for quick set up and tear down
- New low-profile cushioned bass drum claws
- New 500 series hardware
- New memory locks for extra security on 500 series hardware
- New multi-sustain cymbal felts on 500 series hardware
- New retractable Boom arm
- REMO® drum heads and self muffling bass drum head

Horizon Fastpack

Ready to go, this Horizon Birch basswood hybrid shell kit is easy to transport, easy to practice.

The name Fastpack says it all; easy to get into the gig, fast to set up, fast to tear down, and easy to load out. The Mapex Fastpack set has a special Birch and Basswood shell that delivers a wide range of sound and because the sizes are not miniature the tone and projection can support any music situation. This compact configuration has a 20"x12" bass drum, 8"x6" and 10"x7" mounted toms, 12"x12" floor tom and 13"x5" snare drum. Mapex added the new 310 series single-braced hardware and a B53 boom cymbal arm all designed for easy lightweight portability. The Mapex Fastpack set lets you spend more time making music with your drums and less time moving them.

Horizon Fastpack set [HXB5074BL]

- Birch basswood hybrid shell
- Compact drum sizes 20"x12" bass drum, 8"x6" tom, 10"x7" tom, 12"x12" floor tom, 13"x5" snare drum
- Lightweight Mapex 310 series single-braced hardware
- Remo® UT Pinstripe drum head and self muffling bass drum head
- Optional Gig bag set
- Optional silent practice pack

Gig Bag set DB-5074

MAPEX gig bag set is composed of 2 drum bags and one hardware bag featuring:

- One bag for the Fastpack bass drum and snare drum
- A set of 3 bags for the two tom toms and the floor tom
- One bag for the drum hardware.

Silent Practice Pack PRPK-5074PC

8", 10", 12", 13", 20" mesh drum heads and 4 pieces 14" plastic cymbals for silent practicing.

- Sheet Music Holder
- 14 x 3.5 10-lug Snare Drum
- Adjustable Bell stand
- Adjustable Snare Stand
- Includes Practice Pad
- Includes Mallets and Sticks
- Durable Carry Bag

BLACK PANTHER SNARE DRUMS

After a decade of success, Mapex ushers in a new era of Black Panther by introducing a new lineup of fourteen snare drum models, each with its own distinctive personality.

Working closely with our drum design team, a panel of international Mapex Artists shared its advice and expertise on everything from shell materials and functionality, to sizes to aesthetics.

The result is a collection of unique Black Panther Snare Drums that look fantastic and sound even better. Each drum features hand built and hand finished Black Panther shells and completely redesigned hardware.

Visit www.blackpanthersnares.com for audio samples of the entire Black Panther Snare Drum line-up.

the PANTHER

- › 3mm solid steel seamless shell
- › 2mm seamless steel c&c formed shell
- › 1mm seamless steel c&c formed sound control ring
- › 14" x 5"
- › 6:4 bearing edge

The ultimate Black Panther Snare Drum features a sensitive feel, big volume and a warmer sound than you would ever expect from a metal drum.

 BPST450SLN

the SLEDGE HAMMER

- › 1.2mm hammered brass shell
- › 14" x 6½"
- › traditional 45° bearing edge

Some jobs call for heavy duty equipment. This drum bludgeons its way through the din with extreme volume and a distinct rounded tone.

 BPBR465HZN

All New Appointments

From the newly sculpted lug design to the smart new badge, Black Panther Snare Drums are now more beautiful than ever.

Cylinder-Drive Strainer

The all-new cylinder-drive strainer uses a self-lubricating bearing to ensure smooth operation while providing precise control of the snare tension.

Premium Snare Wires

All Black Panther Snare Drums feature stainless steel snare wires for crisp, lively action.

Sonic Saver™ Hoops

The all new Mapex Sonic Saver™ Hoop bridges the gap between flanged hoops and die cast hoops. The unique shaping process creates a profile that reduces wear and tear to both sticks and hands while dramatically enhancing the response and feel of every rimshot.

The Sonic Saver™ is significantly lighter than a conventional die cast hoop, it won't choke the shell's vibration. The result is a more natural percussive sound with much greater resonance.

All-New Throwoff

Mapex's new piston-style throw-off is incredibly smooth and requires minimal effort to operate. The adjustment dial employs "micro-lock" technology that provides a tactile "click" as it's turned, allowing precise control.

Heads by Remo®

Black Panther snares come with premium Remo® drum heads, including a coated Ambassador batter head.

the
BLASTER

- › 8.5mm shell constructed from 5.1mm maple shell and 3.4mm walnut reinforcing rings
- › 13" x 7"
- › 5:5 bearing edge

For an ear-shattering loud and aggressive response, tune this drum to a little higher pitch... (and then warn everyone around you.)

✳️ BPML3700LNWU

the
PHATBOB

- › 12mm maple shell
- › 14" x 7"
- › 2:8 bearing edge

Built to be played hard and loud, this bad boy features an extra thick shell, rounded bearing edges and a deep snare bed for a thick, fat sound.

✳️ BPML4700TLNTB

the
BLACK WIDOW

- › 5.1mm maple shell
- › 14" x 5"
- › 5:5 bearing edge

This full-bodied, versatile drum features extreme sensitivity and a dark, dry tone.

✳️ BPML4500LNTB

the
CHERRY BOMB

- › 5.1mm cherry wood shell
- › 13" x 5½"
- › 1:9 bearing edge

Classic in style and performance, this uniquely sized drum is as distinctive to the ear as it is to the eye.

✳️ BPCW3550CNCY

the
PHANTOM

- › 5.1mm shell constructed from two exterior 1.7mm birch plies and one interior 1.7mm walnut ply
- › 12" x 5"
- › 5:5 bearing edge

This drum, with its unique hybrid shell possesses incredible sensitivity that creates a ghostly quality.

✳️ BPPW2500CNWA

the
FASTBACK

- › 5.1mm maple shell
- › 12" x 7"
- › 1:9 bearing edge

The size and tuning range of this drum combine to produce a distinctive high pitch with plenty of body making it a great choice for Gospel or R&B.

✳️ BPML2700CNIT

the
VELVETONE

- › 8.1mm shell constructed from one 3mm exterior burl maple ply, one 3.4mm walnut middle ply and one 1.7mm interior maple ply
- › 14" x 5½"
- › 1:9 bearing edge

Don't be deceived by its beautifully seductive exterior, this drum is wickedly dark with a high degree of sensitivity.

 BPMW4550CNUB

the
BRASS CAT

- › 1.2mm brass shell
- › 14" x 5½"
- › traditional 45° bearing edge

Slightly softer than a steel snare. This drum produces an aggressive sound that's incredibly smooth.

 BPBR4551ZN

the
MACHETE

- › 1mm steel shell
- › 14" x 6½"
- › traditional 45° bearing edge

If you're in need of a drum that can hack its way through the thickest of guitar noise, look no further.

 BPST4651LN

the
STINGER

- › 1mm steel shell
- › 10" x 5½"
- › traditional 45° bearing edge

Tune this drum high and hit it hard. It'll only hurt for a second.

 BPST0551CN

the
BLADE

- › 1mm steel shell
- › 14" x 5½"
- › traditional 45° bearing edge

A visually sleek and alluring instrument with razor-sharp tone that carves deeply into any groove.

 BPST4551LN

the
RETROSONIC

- › 8.1mm walnut shell
- › 14" x 5½"
- › 1:9 bearing edge

This classically styled, beautifully crafted drum produces a rich, vintage-style sound.

Let your feet fly...

FALCON

The Falcon's hollow inox steel drive shaft offers the utmost in strength without adding unwanted drag or excess weight. This increases the smooth operation of the pedal and gives Falcon its sensationally smooth feel.

The new Falcon from Mapex is the smoothest bass drum pedal you'll ever play. Every function and adjustment has been engineered to make Falcon feel as if it's an extension of your foot. Elevate your performance to a new level and let your feet fly with Falcon from Mapex.

Glide Cam

Pursuit Cam

The Falcon is equipped with interchangeable cams to suit your playing style. The "Glide" cam offers an equal amount of inertia from the beginning to the end of the stroke, while the "Pursuit" cam is recommended for increased power and maximum impact.

Footboard angle and beater angle are independently adjustable, enabling you to fine tune your ideal combination of playing comfort and force of stroke.

U.S. PATENT PENDING

The uniquely sculpted footboard allows you to position your foot at any angle and operate the pedal with minimal expended energy, making even the most intricate patterns seem effortless.

Falcon Single Pedal

(P1000)

The Falcon's footboard design provides the feel of a longer board without the additional weight and mass. A lighter footboard gives you greater control with less fatigue.

Falcon's dual-axle design ensures that both beaters strike the head with equal impact for consistent sound and incredible feel.

The Falcon Double Pedal's beaters are equidistantly positioned for an even response from primary to secondary beater. They can be laterally repositioned to accommodate larger beaters like the Mapex Tri-tonal beater.

The reversible beater head comes with interchangeable 10g and 20g inserts. By choosing one of these weights (or playing without any additional weight at all) you determine the desired degree of centrifugal force.

The Falcon Double Pedal's connecting rod can be extended from either end, making it easy to accommodate virtually any set-up.

A sure-grip rubber base, adjustable spurs and an optional Velcro® strip ensure that the pedal will stay put on any surface.

The footboard and heel plate are hinged using an exclusive sealed bearing mechanism that offers zero resistance and secure operation with no lateral movement.

Falcon Double Pedal

(P1000TW)

Because the Falcon's footprint is more compact than other bass drum pedals, you'll have more room to comfortably position your hi-hat and snare stands.

By allowing the torque-free spring mechanism to move independently the Falcon's stroke and recoil motions are exceptionally smooth.

The Falcon's patented Talon bass drum hoop clamp features locking claws that move independently from the pedal frame. Even if your bass drum is pitched at a severe angle, the pedal's remains flat to the floor and securely clamped to the drum for the utmost comfort and security.

Single Pedals

Mapex pedals are made of solid steel components and are engineered to be reliable, durable and most importantly playable. Adjustments are made quickly and easily, keeping drummers going during gigs night after night.

MAPEX Single Pedals

Cymbal Stands

Mapex has a wide variety of cymbal stands to accommodate any configuration drummers can dream up. Each model is built to be flexible and provide unmatched stability. All Mapex stands feature die cast memory locks for security and ease of set-up, slip-proof nylon inner sleeves for rattle-free playing and heavy duty skid resistant rubber feet for stability.

NEW SONIC SAVER FOR SNARE

Heavy-duty Sonic Saver features the perfect balance between regular 2.3mm powerhoop and die-cast hoop. The special curling process that forms the cylindrical shape enhances the overall strength and provides more stability under any tuning condition. This lighter hoop results in an opened-sound with power and mellow rim shot. The Sonic Saver hoop is engraved with the Mapex Sonic Saver logo and available in Chrome, BL brushed or Brass brushed finish.
