

Note Name Strip Assembly Guide

Peel off all 4 backing tapes on the back sides of the self-adhesive Velcro. Keep the Velcro as attached and directly apply the Note Name Strip on the frame rail as follows:

Accidentals: attach the comb-shaped strip on the inner side of the 4th rail (side closest to audience).

Naturals: attach the rectangular strip underneath the 1st Rail (side closest to player).

Press firmly on the Velcro to ensure that the adhesive sides are well-attached to the rail.
